

ETL Energy star Dimmable 9.8W BR30 LED Light Bulb

Features

****Quality components ensure optimum lumen output over the lifetime of the lamp**

****Offers lifetime cost savings compared to incandescent**

****Lamp life of 30,000 averaged rated hours is longer than conventional lighting**

****Full recyclable, contains no mercury or other hazardous materials**

****Unique design with aluminum housing for cooler operation and extended life**

****Cool beam means no UV or IR emissions and reduced air-conditioning loads**

****Rated for indoor use, acceptable for damp location**

****Not for use with emergency exit fixtures or emergency exit lights**

Specification	
Model Number	TR102
Wattage	9.8W
Lumen Output	800lm
Operating Voltage	120V AC
LEDs	24pcs
Beam angle	120 degree
Color Temperature	27/30/40/50K
Product Size	4.72"(H)*3.82"(D)
CRI	>80
Body Finish	Black, White
Lifespan	30000 Hours
Warranty	5 years
Body Materials	Aluminum Alloy + PC
Dimmable	YES
Certification	ETL, Energy Star
